

# The Whisky Dictionary

## Iain Hector Ross

Publication Date: 19th October 2017  
Category: Non-fiction, Reference

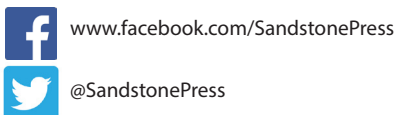

Format: B format hardback  
RRP: £14.99

ISBN: 9781910985922  
Extent: 350

An unusual and humorous dictionary of whisky terms, places and folklore, delightfully illustrated.

Ben Averis is a professional botanist and artist and a contributor to the Sandstone Press book, *The Rainforests of Britain and Ireland* by Clifton Bain.

### ABOUT THIS BOOK

The Whisky Dictionary is both a celebration of the world of whisky and a window into it.

Iain Hector Ross has ranged deep, far and wide into the industry to capture whisky speak in a single guide. He has literally climbed inside the distilling process to feel the heat, savour the aromas and absorb the words that swirl around the making and sharing of Scotch whisky. Now this language itself has been 'casked' between the covers of this delightful guide, and whisky enthusiasts the world over can understand, explore and enjoy Scotch in all its wondrous diversity in a single publication.

### SALES AND MARKETING HIGHLIGHTS

- Illustrated by Ben Averis
- Title was presented at Xpo North Publishers' Pitch

### ABOUT THE AUTHOR

Iain Hector Ross is a Gaelic-speaking Highlander with a lifelong love of whisky, Scottish music, and folklore. He now works in the industry and is a key figure in the establishment of the new distillery now under construction on the island of Raasay.
