The second William Wisting mystery to be translated into English, after the successful *Dregs*. Ove Bakkerud, newly separated and extremely disillusioned, is looking forward to a final quiet weekend at his summer home before closing for winter but, when the tourists leave, less welcome visitors arrive. Bakkerud's cottage is ransacked by burglars. Next door he discovers the body of a man who has been beaten to death. Police Inspector William Wisting has witnessed grotesque murders before, but the desperation he sees in this latest murder is something new. Against his wishes his daughter Line decides to stay in one of the summer cottages at the mouth of the fjord.

Urban rather than natural settings are the stamping grounds of Jørn Lier Horst, whose *Dregs* (his first book to be published in English) is immensely impressive. The writer's career as a police chief has supplied a key ingredient for the crime fiction form: credibility.' Barry Forshaw, author of *Nordic Noir and Death in a Cold Climate*
